

# Cost-effective digital and analog I/O modules with a specially designed signal distribution board

## KPA EtherCAT Slaves MC-series

- PCB for signal distribution
- Reduce production costs and failures
- Compact design with/without a coupler
- Diverse and flexible layout design

## KPA EtherCAT Slaves MX-series

- Bus Data Acquisition
- Distributed Control and Monitoring
- Industrial Robots
- Numerical Control Machines

# Modules to integrate EtherCAT network with other network(s)

## KPA EtherCAT Boards

# All-in-one products aimed for building cost-effective factory automation solutions

## KPA Automation Control System

### Custom Development

koenig-pa GmbH offers specific software development for customers who require additional support for integrating our products into their applications or solutions.
